

LED Camping Lantern, Super Bright Portable 2 Pack

RRP: \$34.95

If you're planning a camping trip, extra light is beneficial to ensure you can comfortably cook your meals and move about in the dark. The Randy and Travis Machinery LED Camping Lanterns are compact, easy to transport, durable, waterproof and able to light up even the darkest night. This also makes them convenient for emergency situations such as power cuts and storms. With over 30 LEDs installed in the lanterns, you can move around safely and never have to resort to a dim torch to find your way around again.
