

Retracting Clothesline 5 Line 18m Hanging Clothes Space Hanger

RRP: \$54.95

If you're looking for a solution to dry your laundry quickly, consider the Randy and Travis Machinery Retractable Clothesline. Completely retractable it features 5 separate lines with a maximum 3.75m length per line. The five lines provide a total of 18metres of total hanging space which ensures it can handle large loads of laundry. Its easy-to-install design means that you can choose to place it wherever you want to. Suitable for both indoor or outside environments, simply retract it when not in use. If you decide to move the clothesline, you can unscrew it from its current position and move it wherever you want. This is a great clothesline choice if you want somewhere to dry larger, bulkier items such as sheets, towels or linen.

Features and specifications:

- Material: ABS, Polypropylene
- Size: 36.4 x 6.3 x 6cm
- Completely retractable
- Each line is individually tensioned with the locking lever to provide strength and support
- Can be installed wall to wall or wall to post, making it customisable
- Durable and long lasting design that will stand up to daily use
- UV-grade plastic is designed to stand up to the Australian sun and climate
