

PVC Tablecloth Protector 107X213.4CM Clear Plastic Table Cloth Cover Transparent

RRP: \$179.95

An attractive dining or occasional table provides an appealing accent in any room - protect yours without masking its beauty with this Randy & Travis Machinery Clear Plastic Tablecloth Cover. Suitable for use over wooden, plastic or glass tabletops, the rectangular PVC cover can be heated using a hair dryer, hot water or the sun so that it can be gently stretched smoothly over the tabletop. This is a non-adhesive, transparent cloth that won't damage your tabletop but will keep it safe from damage. Once in place, it provides almost invisible protection against scratches, spills, rings from mugs or glasses, staining and other harm.

The cloth is made from robust PVC that is waterproof, resistant to heat up to 80°C and resistant to UV radiation. The cover can be cut to size and to fit the contours of circular, hexagonal or curved tables.

Features:

- Superior protection for table surfaces
- Can be cut to fit
- Variety of methods to ensure the PVC protector remains flat on the table
- Non-slip material
- Just wipe over to clean

Specifications:

- Depth: 0.15cm
- Suitable for temperatures up to 80°C
- Material: PVC
- Dimensions: 107 x 213.4cm
