

## 304 Stainless Steel Commercial Liquid Soap Hand Sanitiser Dispenser Wall Mount Bathroom Kitchen Office Hospital Restaurant 1000ml

RRP: \$69.95

A cost-effective, mess-free alternative for restrooms, washrooms, kitchens, industrial sinks and anywhere else where hygiene is a priority, the Randy & Travis Machinery Stainless Steel Wall-Mount Soap Dispenser 1000ml is fast and simple to fit. Once in position, it provides reliable, foolproof performance. The manual pump action reduces content waste, saving money in the long term. A discreet inspection window allows janitors and maintenance workers to spot when a refill is needed. The pump components are all made from stainless steel, ensuring reliable performance. Manual action means the pump will never run out of batteries or break down.

Stainless steel is easy to keep clean and won't rust or crack, even in humid, warm conditions. The dispenser comes with all the necessary fixings for secure attachment.
