

Cubby House Kids Wooden Outdoor Playhouse Cottage Play Children Timber

Out of Stock: \$1,234.95

Give your kids a playtime to remember with the Randy & Travis Machinery Wooden Cubby House. Its durable, low-maintenance and secure wood construction allows Aussie kids to play happily and safely all year round, no matter the season.

Featuring expansive windows for outstanding natural light filtration, along with easy access through the swinging front door, you'll be able to easily supervise your kids as they have fun and play. The rounded windowsill corners, glass-free construction, non-toxic and eco-friendly paint coating, and weather-resistant roof give you the peace of mind your little ones will be protected at all times.

With the straightforward assembly guide, you'll be able to involve your kids in the building process, creating a fun experience for all the family to enjoy. The additional planter boxes provide space to grow flowers and an added source of delight and excitement for young gardeners as they watch their plants grow.

Perhaps best of all, this exceptional kids' cubby house is customisable, meaning you'll be able to embrace creativity and the many design options just waiting to be explored. Whether you want to construct a palace for your little prince or princess or a custom-built shop front for young entrepreneurs to sell their wares, string up Christmas decorations as the season rolls around, or spruce up the house with fairy lights for a summer vibe, there are endless design and decoration opportunities at your fingertips. And once you settle on a design you love, it doesn't end there - you'll be able to keep customising and decorating your Randy & Travis Machinery Kids Wooden Cubby House as your little ones grow and develop their interests and passion for playtime. Give your kids the ultimate play experience with their own custom-designed cubby house!

Don't hesitate to take advantage of this incredible playtime accessory, which comes with an array of impressive features:

- Designer-built cubby house
- Weatherproof, treated wood build
