Carbon Steel Electrical Enclosure Box IP65 Wall Mount 400 x 300 x 200 mm

RRP: $219.95

As handy as electronics and technology are, there's no denying that being able to store all of your important electronic components and circuits away from prying hands and wild weather is an essential aspect of keeping your home and family safe. The Randy and Travis Machinery Carbon Steel Electrical Enclosure Box is the perfect way to keep all of your important electrical circuits and components securely and safely stored away. This helps to ensure that no one can get into them or they don't become damaged. Keeping these essential components stored away will also help to keep them dry and clean. The sturdy steel construction and waterproof quality of the enclosure box will help keep everything in good working order. Easy to install, with a lockable door, you can't go wrong with this enclosure box.
