

Herb Drying Rack Net 8 Layer Dryer Mesh Hanging Dryer Rack Zipper Dry Rack

RRP: \$89.95

Herb drying racks are one of the handiest gadgets you can have in your home. The Randy and Travis Machinery Herb Drying Rack is no exception. Featuring 4 separate dedicated layers in which you can place herbs or other plants that you wish to dry, it's an excellent solution for anyone who wants to invest time into creating their own herb pantry. Made of a high-quality mesh fabric that is easy to expand when you're using the herb dryer, it can easily be folded down and stored away in any small space you wish. The built-in steel wire rings make this a sturdy tool to dry your herbs, yet small enough that it doesn't take up a huge space in your kitchen or pantry (or whichever room you decide to dedicate to your herb drying activities). Featuring zipper closures for easy access to your herbs while also keeping them securely tucked away, this is a great investment for anyone who has a green thumb or just wants to experience the joy of having more flavourful food.

Features and specifications:

- Material: high-quality mesh, stainless steel rings
- Built-in steel wire ring in each layer provides sturdy support
- Multi-layer design, providing enough space to dry more herbs.
- Breathable mesh, quick and easy to dry the herbs.
- The hanging hole makes it convenient for hanging, and it can be folded for convenient storage when not in use.
- Zipper closure design makes it easy to open and close, and it can effectively prevent birds and insects.
- Suitable for drying herbs, buds, beans, plants, etc.
- Comes with a water-resistant carrying bag, easy for carrying or storage.
- Measures: 60 x 60 x 170cm when hanging
