

12-Door Locker for Office Gym Shed School Home Storage - 3-Digit Combination Lock

RRP: \$989.95

The best secured storage locker solution for your multiple user needs! Perfect for offices, dorms, gyms or spas and institutions like schools and hospitals. You can purchase additional units as the need arises and still maintain a standard look throughout your establishment.

The unit has 12 individual locker compartments stacked in a 3 x 4 grid. Each locker provides ample space for personal items – and can hold up to 30 kg. Built-in ventilations slits keep the stored items from smelling musty. Users may also customise their locker with a name tag or label in the designated slot provided. This comes comes with 3-digit combination lock to ensure safety of your belongings.

The whole unit measures 180 x 90 x 36cm and is constructed with solid, cold-rolled steel plates for strength and durability. The steel plates are not just painted - they're powder-coated for maximum resistance to rust and corrosion. Powder coating also provides that durable, smooth, attractively industrial finish.

The locker can be up and ready in just minutes, thanks to the simple assembly design.

Features of 3-Digit Combination Lock:

When you need a secure option for your lockers, yet want an easy-to-use backup system, this three-digit combination lock from Salvatore Angelotti is the ideal solution. With a master key for each order, you can retrieve the locker's contents, even if a user forgets the combination. Crafted from durable, sturdy metal, this lock resists corrosion and is nearly impossible to crack. With 1,000 possible numerical combinations, the lock ensures that anyone trying to break into your locker by guessing the code will have

an impossible job.

It's the perfect choice for schools, gyms, hotels, offices – and even to organise your home's entry. Resistant to moisture and built to last, this 3-digit lock will keep belongings safe inside the locker. Just keep the master key in a safe place, and you'll have the best of both worlds – a difficult-to-guess passcode and a backup plan that gives you quick access if the user leaves or can't remember the combination. Order yours today!

Note: Each order (not lock) comes with one master key only, regardless of how many different locker units, quantities or combinations purchased. A master key is sensitive in nature. An additional master key can be purchased on special order only. Locker assembly required; instructions and hardware included.
