

Original Dual Medium (Blue) Density Orthotics | Full Length

RRP: \$44.95

Active sportsperson? Gym junkie? Always on your feet? Struggling with uncomfortable shoes or painful feet?

If you answered “yes” to any of the above, these high-quality, medium-size orthotics from Randy & Travis Machinery are for you. Their secret lies in their high elasticity layer of decompressed foam, which allows them to offer outstanding durability and support for every foot. The upper soft foam layer affords the comfort you need to go about your day and live life the way you want, while the strong bottom layer provides lasting support and stability. Gone are the days of ill-fitting, uncomfortable shoes. Our medium-sized orthotics are the perfect addition to running or athletic shoes and are designed to complement any active, busy lifestyle.

These orthotics include a range of outstanding features, including:

- **Comfort:** Thanks to their dual foam layer, you'll receive the comfort and support your feet need all day, every day
- **Stability:** They're perfect for lifestyles where you need stability without compromising on cushioning
- **Condition management:** Our orthotics are an effective aid in managing a range of conditions, including foot and heel pain, arthritis, knee pain, and hip and lower back problems
