

Security Camera System Wifi CCTV 1080P Waterproof Outdoor Night Vision 2.4GHz

RRP: \$164.95

Keep an eye on your most valuable possessions with the wireless IP camera from Randy & Travis Machinery. Thanks to its flexible and portable design, you'll enjoy easy installation and minimal maintenance. Best of all, it features a high-quality HD camera offering outstanding, clear footage of your home whenever and wherever you need it.

Need to check in on your home while you're away? Our camera is designed to connect to your mobile device, so you'll be able to monitor your home wherever you are – and even change the angle through its handy app. Want to communicate with a visitor? This product comes with a two-way intercom allowing you to connect with couriers or to alert someone you're out.

Our camera comes with these outstanding features that truly set it apart:

- Clear footage: Its HD real 2-megapixel camera affords crystal-clear images round the clock
- Durable: Made from toughened plastic and metal, it's able to withstand whatever the elements throw at it
- Sensitive: Thanks to its advanced motion sensing features, our camera can sound an alarm whenever unexpected movement is detected
- Versatile: When it gets dark, our camera's infrared night vision affords you 30 metres of uncompromised footage
- Dimensions: 18 x 20.5 x 11.5cm
