

Rice Storage Cereal Dispenser Grain Container Rotating Dry Food Box

RRP: \$119.95

Keep your cereal accessible, safe and fresh with this fantastic cereal dispenser from Randy & Travis Machinery.

This 10kg dispenser can hold a range of food products, from rice or beans to lollies and nuts. It's also so easy to use. Simply press the button to release the number of serves you'd like - and with every serve dispensed equally, there's no need for measuring cups or spoons. The dispenser's straightforward operation and compact design make cooking and meal preparation effortless, saving you both time and space and reducing the need to rummage through your cupboard for items. And as it's so simple to use, even your kids will be able to grab what they'd like whenever they want.

There's no assembly required - all you need to do is take the dry food dispenser out of its box, give it a wash, dry it thoroughly and it's ready to use. Enjoy a quick meal or speedy food prep any time of day with this easy-to-use, high-quality bulk dry cereal dispenser.

The cereal dispenser contains a range of attractive features, including:

- Size: Its 10kg, 6-section storage capacity allows you to store a range of food items
- Easy operation: The dispenser rotates 360 degrees and features transparent walls for easy visibility.
- Hygienic: Made from food-grade plastic, it effectively protects your food items from dust, insects, and moisture.
- Accurate: It comes with a measuring cup to ensure accurate serves each and every time.
- Refillable: Top up the dispenser with ease thanks to its open-top lid.
- Saves space: The compact design helps free up cupboard space.
- Measures 27 x 24cm
