

Sweep Carpet & Floor Manual Light Sweeper Dual Rotating Brushes

Out of Stock: \$59.95

Energy-saving and effective, the Randy & Travis Machinery manual floor sweeper can be used to clean vinyl, tiles, carpet, rugs, timber and most other floor surfaces. This handy little sweeper is powered manually - no need for batteries or a mains connection - perfect for caravans, sheds, tents, chalets and other buildings that don't have a ready power supply.

The sweeper benefits from two rotating brushes - one is designed to sweep up larger particles of dirt, whilst the other will pick up smaller pieces of dust, dirt and grime. Together they create an effective cleaning solution, complemented by four corner brushes that pick up additional dirt.

To add to its green credentials, this sweeper contains parts made from recycled plastic.

This lightweight sweeper is essential for any household - useful to whip out for a quick clean around between main cleans, it's also great for sweeping up a few crumbs.

Features:

- Suitable for carpeted and hard floor surfaces
- Dual rotating brushes and corner brushes for thorough cleaning
- Anti-bacterial, odour-resistant design
- Contains 100% recycled plastic parts
- Manual floor cleaner - save on power!

Please note: You may receive a grey or red coloured unit.

Specifications:

- Manual carpet and floor sweeper
- Materials: Stainless steel and recycled, PVC-free plastic
- Dimensions (approximate): 24.0cm W x 22.0cm D x 110.0cm H
