

Large Wooden 5 Tiers Hat Coat Stand Clothes Shoe Rack Hanger Hooks Shelf Storage

RRP: \$94.95

For a sleek piece of practical furniture, you need to look no further than this 5-tiered storage unit. This is a furniture item with multiple functions – as a hat and coat stand, a place to hang or fold clothes, or as a multi-tiered shoe rack. It will look equally stunning both in a hallway or in a bedroom or dressing room – reducing clutter and adding a stylish touch to your interior design.

Features: Crafted in a vintage style in a warm brown colour, this unit is made from a combination of natural, eco-friendly bamboo, mixed with MDF for durability. This coat stand is also fully free-standing, so can safely support itself even when placed out from a wall – there is no need to mount it for security. The rack itself is very easy to build, thanks to simple and intuitive instructions. It's also very easy to care for thanks to a quality finish and water-resistant coating.

Specifications: This stand has plenty of space for your clothes and shoes, with 8 available hooks, each with a load capacity of 2.5kg. There are four shelves integrated into the unit, each of which is 70 cm (l) x 24 cm (w), and has a load capacity of 5kg. This means the shelves can fit up to 14 pairs of shoes in total. The delivered package from Randy & Travis Machinery will include the coat rack itself, full instructions, and a screw accessory to help you build your new furniture.
