

## Adjustable Surfboard Skimboard Bicycle Bike Rack Carrier

RRP: \$114.95

Looking for a convenient way to transport your surfboard? Say goodbye to the dilemma of choosing between a luxury SUV or lugging it on your shoulder for 20km. Allow us to introduce the surfboard bicycle rack, a simple solution that makes carrying your surfboard a breeze. This innovative rack is easy to install, featuring adjustable hooks and spring locking mechanisms to accommodate various bike and surfboard sizes. With a soft, thick pad, rest assured that your precious surfboard will be well-protected during transportation. And when you're not using it, you can effortlessly uninstall and store it away until your next adventure.
