

Fender Work Bench Panel Stand Curved Legs Panel Repair Beating Spray Painting

RRP: \$189.95

Featuring adjustable height ranging from 58cm to 104cm, this versatile piece accommodates various preferences and needs. The top opens to a size of 38cm to 93cm, providing ample space for different tasks.

With a maximum capacity of 225kg, the weight loading capacity is determined by the adjustable height mechanism. Constructed with a sturdy powder-coated steel tube frame, it ensures durability and long-lasting use. The padded foam top adds comfort and support during use.

Equipped with a heavy gauge chain and 6 connectors, you can easily adjust the height to your desired level. The legs are designed with non-skid tips, ensuring stability and preventing slipping.

When not in use, the table folds flat for convenient storage. This multipurpose table is perfect for a multitude of uses, catering to various activities and settings.
