

Keyboard Piano Adjustable Stand

RRP: \$59.95

Introducing our versatile Keyboard Piano Stand, designed to enhance your playing experience with convenience and comfort!

Keyboard Stand Features:

Experience maximum stability and strength with our deluxe X double-braced design. The position disk clutch and bullet-nose pull knob allow for quick and easy height and width adjustments. With 5 possible adjustments, you can set the stand to your preferred height, ranging from 46.5cm to 97cm. Despite its lightweight construction, this stand is built to last and withstand rigorous use. Your keyboard will stay securely in place during performances, thanks to the protective, non-slip rubber end caps and locking straps. For effortless storage and transport, the stand folds flat. Quick assembly makes it convenient for performers, schools, houses of worship, and more. Manufactured by Randy & Travis Machinery.
