

Standing Desk Electric Motorised Computer Desk Height Adjustable Sit Stand Table

RRP: \$809.95

Exciting news for home office workers! Experience the ultimate flexibility and ergonomic comfort with our Electric Standing Desk. Designed to enhance your well-being and productivity, this desk offers a range of features to optimize your workspace.

With just a press of a button on the controller, effortlessly adjust the desktop height between 72cm and 114cm, allowing you to seamlessly transition between sitting and standing positions while you work. The smart controller includes programmable memory positions, enabling you to save different heights for tutoring, working, or leisure activities.

In addition to smooth height adjustment, our computer workstation features a spacious tabletop with a distinctive splice structure. Crafted with thickened MDF, the tabletop offers excellent durability, while the robust iron frame ensures long-lasting performance. Safety is a priority, and our desk incorporates motor protection and anti-collision technology to safeguard both the motor and users.

Upgrade your home office setup with our Electric Standing Desk, and enjoy the benefits of a flexible and efficient workstation. Prioritize your well-being and work productivity with this exceptional desk solution.

Key Features:

- 140cm wide
- Ultra-quiet operation: Enjoy a peaceful work environment without disruptive noise.
- Convenient button controller: Easily adjust the desk height to your desired position.
- Impressive weight capacity: With a sturdy design, the desk supports up to 100kg, accommodating various work setups.
- Programmable memory settings: Save and recall up to 4 different height positions for quick adjustments.
- High-quality construction: The desk combines engineered wood with an iron frame for durability and stability.
- Versatile usage: Suitable for study rooms, living rooms, bedrooms, offices, and more.
- Spacious tabletop: Accommodate dual monitors or provide ample space for wide working areas.
- Promote relaxation: Switch between standing and sitting positions to relax your body and mind.
- Excellent stability: Enjoy a steady work surface with minimal shaking when lifting, producing low noise levels below 50db.
- Anti-collision technology: In case of sudden force, the desk retracts upward to prevent damage.
