

1U Locking Rack Mount Drawer Secure Steel Storage for 19" Network Server

RRP: \$149.95

The Randy & Travis rack mount drawer offers a secure storage solution that seamlessly integrates into any 19" server rack, enclosure, or cabinet. Perfect for data centers, wiring closets, or back offices, this rackmount drawer is designed to accommodate DVDs, patch cables, computer discs, and various equipment.

Crafted from high-quality, heavy-duty cold rolled steel with a sleek electro-static powder coated finish, the drawer ensures durability and longevity. Its sturdy metal pull handle adds a robust touch to your rack, providing a reliable and convenient storage option. The drawer is available in multiple sizes to suit your specific needs.

This rack mount drawer is versatile, fitting into any 19-inch server rack or cabinet, providing essential support for your network, computer, or AV equipment. Constructed from premium cold rolled steel, the locking drawer can handle a total load weight of up to 10kg.

This lockable drawer is an ideal solution for securing patch cables, computer discs, and other gear within data centers, wiring closets, and back office racks. The included keys add an extra layer of security, preventing damage, tampering, or theft. The drawer smoothly slides into the rack when not in use, optimizing space and maintaining a clean appearance.

For efficient cable management, the rear cable punch-outs enable easy organization of cables for laptops or other electronic devices stored securely in the drawer. With its thoughtful design and various size options, the rack mount drawer is a reliable choice for enhancing the security and organization of your server rack setup.
