

900mm Tile Insert Bathroom Shower Brushed Brass Grate Drain w/ Centre outlet Floor Waste

RRP: \$264.95

Bring high-quality and sleek design to your shower drainage system with this attractive and durable shower grate.

The practical yet eye-catching brushed brass shower grate features a frameless design that allows it to be seamlessly inserted into the shower's tiling configuration. The grate with its high quality construction provides durability and longevity as well as resistance to corrosion.

This fully-welded linear shower grate is remarkably easy to install. Cleaning is for easy and convenient, the design forces water to the center drainage outlet. This grate will be a gleaming addition to any bathroom upgrade or renovation. It is fully compliant with Australian standards and is Watermark and CUPC approved.

You won't go wrong purchasing this cutting-edge stainless grate for all your water drainage needs.
