

Slatwall Storage Pack of 6 White PVC Panels - Retail Display Garage Storage

RRP: \$229.95

Transform your home garage or retail space with a 6-pack (2.16SQM) of PVC Slatwall Storage Panels from Randy & Travis, maximising your wall space with this exceptional wall storage system.

These PVC Slatwall Cladding panels come conveniently packaged in a 6-pack of 1220mm x 300mm x 17mm dimensions, allowing for vertical stacking or seamless joining.

This versatile product can be easily affixed directly to the wall or installed on battens, or even onto existing long-span shelving. Furthermore, it can be effortlessly customized to fit your needs, as it's easily cut to size and compatible with a wide range of storage hooks and accessories.

Whether it's power tools, sporting equipment, retail products, or anything in between, wall-mounted storage offers a practical solution to decluttering and organising your space, allowing you to store items efficiently while keeping them easily accessible yet out of the way.
