

## 1.5m Double Curtain Tracks Aluminium Rail & Brackets For Both Curtain and Sheer with ceiling and wall accessories

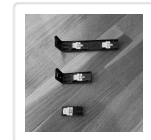

Out of Stock: \$54.95

The DIY Curtain Track Set with Brackets features a dual-layer track design, combining a robust aluminium outer rail. This innovative structure enhances moving smoothness while eliminating moving noise, ensuring a seamless curtain experience.

Crafted from top-quality heavy-duty aluminium, this track set is suitable for both commercial and domestic applications. Its straightforward installation process accommodates straight or L-shaped configurations with ease.

The complete track set includes rail, brackets, and wheel runners offering convenience and versatility. Users have the option to choose between wall or ceiling mount, allowing for the accommodation of two tracks if desired. Sliders are also included for added functionality.

Compatible with various curtain styles such as S-Fold, Pinch Pleat, or other conventional designs, this track set offers adaptability to suit different preferences. The rail size measures 2cm (width) by 2.1cm (height), providing a sturdy foundation for your curtains.
