

Sisal Rope Natural Jute Hemp Manila Twine Cord 20mm*50m

Out of Stock: \$164.95

Crafted from natural materials, these ropes are environmentally friendly, coloured in either brown or light brown hues, making them versatile for various applications. They can be transformed into decorative crafts for home décor or utilized as sturdy ropes for boating, gardening, or decking purposes. Beyond artistic endeavors, jute rope serves as a multipurpose option around the house or garden.

Suitable for an array of tasks including gardening, decking, climbing, swings, handrails, banister rope, decorative rope work, supporting plants, and even cat scratching posts, these ropes offer versatile functionality. Comprising 100% natural jute, they embody an authentic eco-conscious choice.

With a supple texture compared to synthetic non-natural ropes, these jute ropes offer a softer, more tactile experience, enhancing their appeal for various applications.

Specifications:

- Both ends of the rope are open raw cut edge, without knotted or whipped
- Size: 20mm*50m

Attributes:

- Size: 20mm x 50m
