

Loft Attic Balance Safety Grab Rail in Black

Out of Stock: \$134.95

Introducing the Balance / Grab Rail – your reliable support solution for enhanced safety and convenience.

Crafted from durable 22mm steel tubular construction, this sleek black rail offers both strength and style. Perfectly designed for easy installation, it seamlessly attaches to any existing attic stairs, providing essential support where you need it most.

Standing at a height of 91cm, the rail is ideal for loft access, near steps, or doorways, ensuring stability and peace of mind in high-traffic areas. With two feet featuring four fixings each, it guarantees a secure and robust fit for lasting reliability.

Upgrade your home with the Balance / Grab Rail today – a simple yet effective addition that enhances safety and accessibility effortlessly.
