Enhance your home or office décor with the Modern Wall Clock Art by Randy & Travis Machinery. This lighted wall clock, crafted from 3mm transparent acrylic with LED components, offers both style and functionality. The 12" round clock features LEDs that shine through the center, illuminating the numbers and edges for a striking visual effect.

With its modern and sleek design, this LED wall clock serves as a striking decorative piece for any setting. The bright illumination enhances readability from any angle, making it ideal for larger rooms, public areas, or even cozy bedrooms where it doubles as a gentle night light. This clock combines sophisticated aesthetics with practical functionality, making it a must-have addition to your décor.

Perfect for any room, this versatile clock fits seamlessly into living rooms, bedrooms, kitchens, dining rooms, hotels, offices, schools, studies, libraries, shops, bars, and cafes. Its timeless design ensures it enhances any environment with a touch of elegance.

Enjoy complete control over your clock's appearance with the included 16-key LED remote controller. Customize the backlight colors, adjust brightness, change light speeds, and create stunning rainbow effects to match your mood or décor. Elevate your interior style and order yours today!
