

Round Ball Pit Playpen Enclosure Blue

Out of Stock: \$199.95

Give your toddler a safe and entertaining space with the Ball Pit Playpen Enclosure by Randy & Travis Machinery. This playpen provides a fun environment for children under five while offering parents a well-deserved break.

Made from high-quality, supportive foam, this ball pit is durable and resistant to deformation. With 360° surround protection, it ensures safety and comfort for your child, making it a perfect gift.

The soft velvet material guarantees a secure and enjoyable playtime experience.

The outer frame features a zipper for easy disassembly and cleaning. Unlike other ball pits, it doesn't require inflation, making it convenient to set up indoors or outdoors. Its simple and stylish design blends seamlessly with any decor.

The ball pit is vacuum-sealed for efficient shipping. Upon unboxing, the foam will expand but may not form a perfect circle immediately. Allow 48 hours for it to regain its shape. If needed, use the cold air mode of a hairdryer to help restore its shape.

Order your Ball Pit Playpen Enclosure by Randy & Travis Machinery today and give your child a safe and joyful playtime experience!
